MANDI TRENDZ.

Admin User Manual (Manager Guide)

Manage your store's inventory and keep your products up to date.

🪜 Accessing the Dashboard Scroll to the bottom of the website and click Admin Access (or go to your login page). Enter your credentials to log in to the Admin Dashboard.

📦 Inventory Management Your dashboard allows you to control exactly what appears on the store:

Adding a New Product Click the Add Product button. Fill in the Name, Category, and Price. Image: Either upload an image file from your computer or paste an external Image URL. Add a brief Description. Click Save Product. Editing or Deleting Edit: Click the Edit icon on any product in the list to update its details or price. Stock Status: Click the In Stock / Out of Stock toggle to hide or show a product without deleting it. Delete: Click the Trash Icon to permanently remove a product from the shop.
